

To Whom It May Concern,

I have known Brandan Stefurak for the past year-and-a-half, both as volunteer at the ReStore, and also as an employee at the ReStore through the Chamber of Commerce.

Brandan has always been an exceptional person to work with. He is responsible and committed. He shows enthusiasm when he is at work, and is a great role model to other employees and volunteers. He takes initiative, and always does whatever is needed for the better of the business. Most recently he volunteered to be part of our donation pickup team, going out on the truck on Saturdays to pick up donations from individuals in Middlesex County.

Because of his exceptional work performance, Brandan was recently promoted to a supervisory role within the store., taking on additional responsibilities and leading small groups to complete tasks.

I truly believe that Brandan will be successful in whatever he sets out to achieve. I would recommend him for any job or assignment without hesitation.

Sincerely,

Debbie Kostek

Store Manager

ReStore

Cromwell, CT
